Dated: 6/16/14

**NOTICE OF PROPOSED CLASS ACTION SETTLEMENT ON BEHALF OF RECIPIENTS OF
MEDICAID FUNDED SPLIT-SHIFT PERSONAL CARE SERVICES IN NEW YORK CITY**

You are receiving this notice because at some time since January 1, 2011, you received Medicaid-funded continuous 24-hour-per-day personal care services, also known as “split-shift” services, from the New York City Personal Care Services Program and received a notice of intent to reduce or terminate such services on or after January 1, 2011.

A class action case was filed on April 24, 2012 in the United States District Court for the Southern District of New York on behalf of all New York City Medicaid recipients of split-shift home care services who were threatened with, or experienced, a reduction in or termination of those services at any time after January 1, 2011. The name of the case is Strouchler v. Shah and Doar (12 CV 3216). The judge assigned to the case is U.S. District Judge Shira A. Scheindlin. The Medicaid recipients who brought the case alleged that the New York City Medicaid program was using incorrect standards and procedures to reduce or terminate home care. The case was filed against New York City’s Human Resources Administration (“HRA”), which administers New York City’s Medicaid personal care services program, and the New York State Department of Health (“SDOH”), which is responsible for supervising the administration of the Medicaid program throughout the State.

The parties have agreed on a proposed settlement of this case. The class representatives and Defendants, and their lawyers, all believe that the proposed Settlement Agreement is fair, reasonable, adequate and in the best interest of the members of the class. The Court must approve the Settlement Agreement in order for it to take effect.

This notice is being sent to provide you with background information about this litigation, a description of the proposed settlement, and information about how to tell the Court if you think the proposed settlement is unfair. If you do not have any comments or objections, you do not need to do anything in response to this letter.

WHO IS INCLUDED IN THE PROPOSED SETTLEMENT?

All New York City Medicaid recipients of split-shift home care services, including individuals in the Consumer-Directed Personal Assistance Program, who at any time since January 1, 2011, have been threatened with unlawful reduction or discontinuance of these services or whose services have been unlawfully reduced or discontinued because HRA determined that they did not meet the medical criteria for these split-shift services.

**WHAT HAS HAPPENED IN THE LITIGATION PRIOR TO THE PROPOSED
SETTLEMENT?**

On September 4, 2012, after a hearing, Judge Scheindlin issued a preliminary order against the Defendants that, among other things, prohibited HRA from reducing or terminating split-shift services under certain circumstances and directed the SDOH to issue written clarification about its regulations concerning split-shift services. In an opinion and order dated October 5, 2012, Judge Scheindlin certified the class of New York City Medicaid recipients of split-shift services described above.

The parties have been engaged in settlement discussions over the last year. As a result of State fair hearing decisions and actions taken by HRA over the course of this litigation, any recipient of New York City Medicaid split-shift services whose services had been reduced or terminated for one of the prohibited reasons at any time since January 1, 2011 has previously had the opportunity to have his or her split-shift services restored. For this reason, the proposed settlement addresses future actions by HRA and the SDOH.

THE TERMS OF THE PROPOSED SETTLEMENT**SDOH's Responsibilities:**

- The SDOH will amend its Medicaid regulations to clarify that no local Medicaid agency may reduce or terminate split-shift services for any of the following reasons:
 - That the recipient needs only "some" assistance;
 - That the recipient's needs can be predicted or scheduled;
 - That the recipient's only medical needs are turning and positioning;
 - That there has been a change in the recipient's medical condition, unless the Medicaid agency gives the recipient a notice that identifies the change and states why the prior services are no longer needed; or
 - That there has been a mistake in the previous assessment, unless the Medicaid agency submits to the recipient a notice that identifies the mistake and states why the prior services are not needed.

Under the terms of the settlement, if counsel for the Plaintiff Class ("Class Counsel") conclude that the regulations adopted by the SDOH are not consistent with the principles listed above, after following an informal process for resolving disputes under this agreement, Class Counsel may ask the Court to prohibit the implementation of any provision of the regulations that is inconsistent with the above principles.

- The SDOH will provide training about the new regulations to State administrative law judges who hear administrative appeals of local Medicaid decisions.
- The SDOH will provide notice to local Medicaid agencies, managed care organizations and managed long-term care plans informing them about the newly adopted regulations.
- The SDOH's obligations under the agreement will last for 12 months after the adoption of the final regulations required by the agreement. If, however, Class Counsel establish that the SDOH has engaged in systemic non-compliance with any of its obligations under the agreement, the Court may extend the SDOH's obligations under the agreement for a longer time, up to a maximum of twenty-four months after the SDOH's adoption of the final regulations.

HRA's Responsibilities:

- HRA agrees not to reduce or terminate split-shift services for any of the following reasons:
 - That the recipient needs only "some" assistance;
 - That the recipient's needs can be predicted or scheduled;
 - That the recipient's only medical needs are turning and positioning;
 - That there has been a change in the recipient's medical condition, unless the Medicaid agency gives the recipient a notice that identifies the change and states why the prior services are no longer needed; or
 - That there has been a mistake in the previous assessment, unless the Medicaid agency submits to the recipient a notice that identifies the mistake and states why the prior services are not needed.

HRA agrees to follow these requirements for reductions and discontinuances of split-shift services until the SDOH adopts final regulations on the availability of split-shift services, at which time HRA will be bound by State law to follow the new State regulations. In the event that Class Counsel determines that HRA has systemically failed to comply with the provisions of the new State regulations, after following an agreed-upon informal dispute resolution process, Class Counsel can ask the Court for an order directing HRA to comply with those regulations.

- HRA will notify Class Counsel of any SDOH Decision After Fair Hearing that affirms a City decision to reduce or discontinue split-shift services, and will provide Class Counsel with a copy of the fair hearing packet upon request so that they may monitor the City and State actions.
- HRA's obligations under the agreement will last for 15 months after the SDOH adopts final regulations that comply with this agreement, unless Class Counsel challenge any systemic non-compliance with any obligation under the agreement and the Court decides to extend HRA's obligations under the agreement for a longer time, up to thirty-three months after the SDOH's adoption of the final regulations.

Ongoing Obligations Of Both Defendants

- The Plaintiff Class and Defendants will follow a procedure for investigating and, where appropriate, remedying individual incidents, brought to Defendants' attention by Class Counsel, in which it is alleged that the terms and conditions of the Settlement Agreement have been violated by either HRA or SDOH.
- The Settlement Agreement does not limit any individual class member's right to challenge a decision to reduce or terminate split-shift services in an administrative fair hearing or in any court with jurisdiction to hear such a case.
- Defendants will pay to the lawyers for the Plaintiff Class a total amount of \$700,000.00 for their attorneys' fees and the costs and disbursements paid by the lawyers in bringing this lawsuit.

Effect of the Settlement:

All class members will be bound by the terms of the proposed settlement if the Court approves it. This means that class members will not be able to bring new lawsuits against the Defendants for the same claims raised in the lawsuit.

THE COURT WILL HOLD A HEARING ON THE FAIRNESS OF THE PROPOSED SETTLEMENT

Before the Settlement Agreement can take effect, the Court will hold a Fairness Hearing to decide whether the settlement is fair, reasonable, and adequate and whether it is in the best interests of the Class Members. At the hearing, lawyers representing the Plaintiff Class and Defendants will ask the Court to approve the Settlement Agreement. If there are objections, the Court will consider them. The Court will then decide whether to approve the Settlement Agreement.
